

A photograph of the Aurora Borealis (Northern Lights) displaying vibrant green, yellow, and purple hues in a dark night sky. Below the lights, a calm lake reflects the colors, with silhouettes of evergreen trees in the foreground.

Welcome to Nature's Greatest Light Show

SPECTACULAR NORTHWEST TERRITORIES

Front row seats available on special viewing decks. Curtain rises in September. Playing nightly until April. For more information on Northwest Territories aurora viewing tours or copies of our travel guides, visit our website.
