The North of your dreams and imagination

Truly Spectacular

This year, add the Northwest Territories to your "to do" list. Explore our world of natural wonders. Renew your spirit under luminous Northern skies. Drink in clear, clean air. Listen to the silence.

Our immense landscape puts things in perspective. Whether you hike a snow capped mountain range, drive across the sweeping Boreal plains, climb a river carved canyon, paddle a remote lake, or walk the ancient, scoured granite of the Precambrian Shield, you'll have the feeling you've discovered something about the world as it has always been, and about yourself.

This is what Northerners call the power of the land. Once you've witnessed it, you're forever changed. Whatever you'd like to do outside, you'll find it here. Every season and every region is ripe for authentic adventure. On guided adventures, hiking, paddling and wildlife viewing are often combined. Visit spectacularnwt.com and check out the operators offering a range of outdoor adventures.

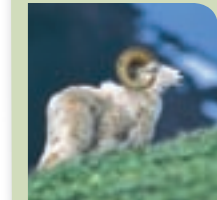

For all the wild you can handle, try Canada's Northwest Territories. Paddle the East Arm of Great Slave Lake or the legendary South Nahanni River. Hike the Canol Trail, one of the world's most challenging hikes, or choose a hike through one of our four National Parks.

For more information and a copy of our 2008 Outdoor Adventure Guide, visit our website or call us at 1-800-661-0788.
