

Northwest Territories
CANADA

If shameless bragging's not your style, just show them the pictures.

TRUE NORTH SAFARIS LTD.

The big, sprawling lake shines like steel. You're trolling for trout grown enormous in its deep, cold waters. Waters so icy-clear you can see all the way down to the ledges where monsters glide. Pretty soon one of them slams your lure, your adrenaline skyrockets, and you're launched on the fight of your life...

That's just one of the spectacular ways your perfect fish story could play out in the untamed Northwest Territories. Famous wild rivers feed thousands of pristine lakes, including two of the largest and deepest in the world, legendary Great Bear and Great Slave. You can fish countless superb habitats for lake trout, Arctic grayling, pickerel (walleye), char, or feisty Northern pike.

Northern operators offer a full range of unforgettable opportunities. Book a week at a trophy lodge with all the comforts of home. Or fly in to an outpost camp on the mysterious Barrens. Charter a day cruise, or paddle your own canoe. Your choices are endless in our sport-fishing paradise. For a copy of the 2008 NWT Fishing Guide call 1-800-661-0788 or visit spectacularnwt.com
