

Let your spirit dance.

Yellowknife, Northwest Territories is a frontier city with a glitter all its own. Here you're as close to the dazzling Aurora Borealis as any earthbound spectator ever gets. You're also in the heart of Canadian Diamond country, source of priceless, sparkling gems. Combine diamonds, Northern Lights, Aboriginal art, luxurious clothing made from muskox wool, exotic Arctic Char entrées paired with fine wines and a city surrounded by lakes for a truly northern experience. Aurora viewing season starts in mid August and runs until mid April. Everything else, year-round.
