

ANGLERS EVERYWHERE DREAM OF THE PERFECT FISHING EXPERIENCE.

Live that dream in Canada's Northwest Territories. Here the fish are plentiful and trophy-sized, the days are 20 hours long, the lodges and outfitters offer a range of species and experiences, and the shore lunches are often considered the best part of the trip. Come to the home of superb wild fish – Lake Trout, Northern Pike, Arctic Grayling, Pickerel (Walleye), Whitefish, and in some locations, Inconnu and Dolly Varden. Book a few days or a week at a lodge that has a lake entirely to itself, or try out a lodge or outfitter on one of the largest lakes in the world – Great Bear Lake and Great Slave Lake.
