## Auroras from a Front Row Seat

If your dream of winter is a snug cabin bathed in Auroral radiance, book a package at a Northwest Territories wilderness lodge. Leave crowds and stress behind, while you try dogsledding, cross country skiing, snowshoeing or ice fishing by day... then spend the evening watching the heavens fill with ethereal waves of glowing lights in green and lavender.

## Fun on Frozen Great Slave Lake

Join the Snow King at his Yellowknife castle, or celebrate the last days of winter at the Long John Jamboree – two winter events held on the frozen surface of one of the world's largest lakes. The Yellowknife calendar is packed with distinctly northern events in all seasons. Float plane fly-ins, midnight sun golfing, an Old Town ramble are just a few.
