What can you expect? Herds of wild caribou and domestic reindeer, sweeping tundra and "pingo" hills, and waters rippling with Arctic fish, fowl and beluga whales.

MEET THE NWT TOURISM OPERATOR OF THE YEAR

Yellowknife Sportfishing Adventures was awarded the prestigious 2018 Operator of the Year Award at the NWT Tourism Annual General Meeting last November. "I am very humbled and honoured to be recognized," owner Andrew Moore said. "There are a lot of world renowned tourism operators in the Northwest Territories and with me being relatively new to the industry, this was a huge surprise." Working in the Spectacular NWT, Moore says he loves the feeling of seeing how happy the guests are right from the moment they step onto the boat. "It's a very rewarding knowing that they will remember this experience for the rest of their lives." When it comes time to choose a fishing adventure of a lifetime, look to the Northwest Territories and Yellowknife Sportfishing Adventures.
