WELCOME TO
ENTERPRISE

Situated on the rim of the Hay River Gorge only 30km from where the river feeds into Great Slave Lake, this gateway to the North has all the amenities and none of the lineups.

1 Keep your eyes on the ground when visiting town. Enterprise is the place to spot fossilized footprints for a prehistoric walking fish – known as a *sarcopterygian* above Alexandra Falls. Twin Falls Gorge is also a place to spot fossils

2 Just south of the community, a 2km forested trail connects the tiered, 15m-high Louise Falls with the splendid 33m-high Alexandra Falls along the Hay River. Get out and stretch your legs.

3 Winnie's Dene Gift Shop is your first chance in the territory to pick up arts and crafts handmade by Indigenous artists. See the stunning moosehide vests, purses, mittens and slippers, as well as miniatures with impressive detail.

TAWNA BROWN / NWTT

4 A chance to restock and replenish after hours of driving. There's a gas station and convenience store and, if it's getting late, a motel right next door.
