# **DIRECT FLIGHTS TO THE WORLD'S BEST AURORA.**

Long, dark nights in wild landscapes with no light pollution. Arid climates and minimal cloud cover that provide crystal-clear views of the cosmos. A prime location under the auroral oval—the thin band around the Earth where the most intense Northern Lights activity occurs. Experienced guides who know precisely where to go for intimate, life-changing Aurora experiences. Put all that together and it's clear why the Northwest Territories is the best place in the world to see the Northern Lights.
